

Custom Fragmentation Ballistic Blankets

Armor of America produces custom made fragmentation ballistic blankets. Blankets are made of Kevlar fabric covered with waterproof Cordura or Nylon. Blankets are custom made to any shape or size, with handles, straps, Velcro or any mounting attachment required.

Blankets can be used on helicopter seats or floors, for hand gun and fragmentation protection.

The Blankets provide protection in accordance with the US National Institute of Justice Standard 0101.04 Level IIIA. The armor protects against 9 mm Full Metal Jacketed Round Nose (FMJ RN) bullets, with nominal masses of 8.0 g (124 gr) impacting at a minimum velocity of 427 m/s (1400 ft/s) or less, and 44 Magnum Semi Jacketed Hollow Point (SJHP) bullets, with nominal masses of 15.6 g (240 gr) impacting at a minimum velocity of 427 m/s (1400 ft/s) or less. It also provides protection against most handgun threats.

The blankets also provide protection from fragmentation in accordance with US MIL STD 662-F, with a V50 velocity as follows:

Fragmentation weight (grain)	V50 Velocity (ft/sec)
2	2820
4	2452
16	2197
17	2055
64	1845
